## IMPACT DIRECTOR CONSULTANT

### **Job Type:**

The WWPF Impact Director Consultant will help drive the organization forward by providing management and oversight to many of our programs. This person will need to be highly organized and a good communicator internally with our team members and externally with our partners, providers, and customers.

### **Location:**

Florida

### **General Job Description:**

Provide management and oversight for the advancement of the Heart Screening Program, promotion of an Automated External Defibrillator Program, and general oversight of multiple programs.

### **Duties and Responsibilities:**

- Available to work a minimum of 40 hours a week
- Available to work some evenings and weekends
- Extensive public speaking
- High level of communication and motivational skills
- Able to track details of each program efficiently
- Ability to see big picture and help casts a vision for what is to come

### **Qualifications for the Role:**

- Management background
- Firm knowledge and understanding of Sudden Cardiac Arrest and Automated External Defibrillators
- Application of community-based health program
- Education: Master's Degree Required

All resumes should be sent to the WWPF Executive Director via email:
